

Student Permission Form
Wapaskwa Virtual Collegiate
2019-2020

wapaskwa.ca

Your son/daughter has expressed interest in being enrolled in an on-line course. This is an alternative learning environment that provides an opportunity for students to access courses that may not otherwise be accessible at their school of record due to scheduling conflicts, lack of availability, or other circumstances that would prevent regular class offerings. WVC wants this learning experience to be positive, where the student will feel supported and have the opportunity for success. As such, please review the roles and responsibilities for the student, the parent / caregiver, and the school.

Role of the student:

- Attend regularly in the online environment.
- Participate in class activities where you are responsible to complete and submit work in accordance to the expectation of the course as well as participate fully in class activities assigned in the Online Room(s).
- Communicate with the online teacher in the learning environment.

Role of the Parent:

- Promote regular attendance.
- Provide access to technology at home, if possible.
- Be engaged in student learning - encourage student to spend time completing course(s).
- Communicate with online teachers & WVC office if necessary.

Role of the School:

- Provide access to technology at school, if possible.
- Communicate with WVC office and teachers throughout course.
- Engage in partnership with WVC to deliver online courses by signing Letter of Agreement on Roles and Responsibilities outlining how we work together.

I understand the importance of working together to support this learning endeavor and I support

_____’s enrollment in _____,

_____, & _____. (List the names of up to 4 courses the student wants to take.)
